

Don Miguel

Supplies

To ensure your puppet lasts, we recommend using the following supplies to construct your puppet:

- Sewing machine
- Black, blue, green, red, and white felt*
- Thread
- Hot glue
- Sharpie
- Scissors, exacto knife

* It is okay if the exact shades of colors of felt vary from the example pictured below.

Instructions

1. Trace and cut all pieces out of felt.
2. Glue the pupils in the center of eyeballs
3. Glue the tongue on the bottom of the mouth piece.
4. Attach all facial pieces to the Front body piece.
5. Glue the hair/scales in between the front and back of the puppet.
6. The Heart can be cut with vinyl on Cricut
7. Attach front and back together by stitching around the sides (except the bottom).
